Highdown School and Sixth Form Centre

w/c 27 March 2023 Week B

CALENDAR OF EVENTS

Term dates can be found here: [2022/23](#)

Term 4

Mon 27 Mar:	Y12 Art PPEs GCSE Drama External Practical
Tues 28 Mar:	Y12 Art PPEs Y10 MEP Trip to Birmingham
Wed 29 Mar:	Y12 Art PPEs Y10 MEP Trip to Birmingham
Thurs 30 Mar:	Y10/12 USA Adventure A Level Music Recital
Fri 31 Mar:	Y10/12 USA Adventure End of Term 4

HOUSE POINTS

Caversham	108111
Grove	104386
MapleDurham	106408
Rosehill	104520

Comic Relief at Highdown

We are very pleased to report we raised just over £900 for Comic Relief and our House Charities through our recent non-uniform day and KS3 bake sale!

Thank you for all your generous donations and continued support with our charitable fundraising in school.

Caversham	YoungMinds
Grove	Daisy's Dream
MapleDurham	Refugee Support Group
Rosehill	Berkshire Vision

First Aid Request

We are looking for donations of water based, cool packs. These are often delivered along with food parcels from e.g. Gousto and Hello Fresh.

If you have any to spare, we would be grateful for any donations, which can be dropped off at main reception.

Thank you.

Miss A. Murphy

Problems with Class Charts

If you are experiencing issues with accessing your Class Charts account, please contact vihamer@highdown.reading.sch.uk

Absence Reporting

Please notify us if your son/daughter is unable to attend either online or onsite lessons due to illness or other reason.

Please report all absences using the Class Charts app rather than by telephone, email or ParentMail. We hope parents will find this route much more straightforward and efficient. You can find out more here:

<https://www.highdown.reading.sch.uk/attachments/download.asp?file=1803&type=pdf>.

ParentMail Accounts

We respectfully request all parents and carers regularly check their student's dinner money balances to ensure they are in credit.

At peak times, around mid-morning, it can take up to 2 hours for the monies to show on the account.

Therefore, if you need to top them up, please allow time for these to be processed, we have found topping up in the evenings to be the quickest way to add monies to the account.

The Highdown Herald

The Highdown Herald is our student-run newspaper.

The latest edition is now available to read on our school website, along with past editions at:

<https://www.highdown.reading.sch.uk/highdown-herald>

Staying safe online

The UK Safer Internet Centre website has some top tips for Parents and Carers on how to support your child to stay safe and happy online. For further details please click on the following link:

<https://saferinternet.org.uk/safer-internet-day/safer-internet-day-2023/top-tips-for-parents-and-carers>

Safeguarding: National Online Safety Courses for Parents and Carers

We would like to encourage parents/carers to complete one of the following parent courses in National Online Safety, presented by Myleene Klass:

The course takes about 40 minutes and leads you on a journey through a child's digital habits, exploring the type of online world they are experiencing now, what risks they might be exposed to, and looks at what you can do to support them.

[Annual Award in Online Safety for Parents and Carers of Children aged 11-14](#)

[Annual Award in Online Safety for Parents and Carers of Children aged 14-18](#)

At National Online Safety, we believe in empowering parents, carers and trusted adults with the information to hold an informed conversation about online safety with their children, should they feel it is needed. This guide focuses on one of many issues which we believe trusted adults should be aware of. Please visit www.nationalonlinesafety.com for further guides, hints and tips for adults.

Ten top tips for STRONGER PASSWORDS

Passwords continue to be the most common way to prove our identity online. A combination of a username and a password known only to the user provides access to our online accounts and data – and hopefully keeps unauthorised individuals out. As a security measure, though, passwords are relatively weak. People are often predictable in how we choose our passwords, for example – making them less secure. With increasing volumes of usernames and passwords being leaked online, what can we do to keep our data more secure? Here are our top tips for stronger passwords.

BE UNPREDICTABLE

We often choose passwords which are easy to remember: featuring the name of our favourite sports team or favourite film, for instance. Those are predictable passwords. Cyber criminals will routinely try various combinations of passwords relating to sports teams, actors, musical artists and the like – and they often focus on these during major sporting events or around high-profile movie releases.

AVOID GETTING PERSONAL

Many of us use passwords relating to our family, such as children's names or favoured holiday destinations. The problem here is that we also typically post about our holidays and our family on social media – making that information potentially visible to cyber criminals and supplying them with clues which could help them in narrowing down possible passwords we might have set.

NEW PLATFORM, NEW PASSWORD

Where cyber criminals gain access to an online service through a data breach, they often use the data they've stolen to try and access the victim's other accounts. This is because the criminals know that, for convenience, people often use the same password across different services. When we reuse passwords, our security is only as strong as the weakest site where we've used it.

LONGER IS STRONGER

Our passwords are often stored by online services in an encrypted format. In case the service suffers a data breach, the strength of this encryption, however, is dependent on the length of the password you've selected. If your password is only a short one, cyber criminals are significantly more likely to be able to break the encryption and identify your password.

CHECK SOCIAL MEDIA VISIBILITY

Staying up to date with friends and relatives on social media is part of everyday life now. We need to ensure, though, that we limit who can see our posts via each platform's privacy settings. It's also wise to consider what we're posting and if it's really safe to share online. If we restrict what cyber criminals can see, we reduce the chance of them using that information to identify our passwords.

Meet Our Expert

A Certified Information Systems Security Professional (CISSP), Gary Henderson is the Director of IT at a large boarding school in the UK, having previously taught in schools and colleges in Britain and the Middle East. With a particular interest in digital citizenship and cyber security, he believes it is essential that we become more aware of the risks around technology, as well as the benefits.

Source: <https://www.ncsc.gov.uk/>

CCTV
IN OPERATION

'DOUBLE LOCK' YOUR DATA

It's possible that cyber criminals may eventually discover your username and password. Enabling multi-factor authentication (MFA) on your accounts, however, reduces the chance of them obtaining access to your data, as they'd also require a code which is provided via an app, SMS message or email. MFA isn't infallible, but it does definitely provide extra protection and security.

DELETE UNUSED ACCOUNTS

Data breaches occur when cyber criminals gain access to an online service and all the data contained within it – including usernames and passwords. Whenever you stop using a service, it's wise to make sure that you delete your entire account and not just the actual app. If the service no longer has your data, there's zero risk of it being leaked should they suffer a data breach in the future.

TRY PASSWORD MANAGERS

Even though most of us have numerous online accounts to manage these days, it's advantageous to avoid password re-use. Specialist password management software (like Dashlane or OnePass, among others) can help by storing a different password for every online service that you have an account with: the only one you or child will need to remember is the single master password.

GET CREATIVE

The British government's National Cyber Security Centre (NCSC) recommends the 'three random words' technique. This method helps you create a password which is unique, complex and long – yet which is memorable enough to stay in your mind ('FourBlueShoes', for example). The NCSC website, incidentally, also offers plenty of other useful information relating to personal cyber security.

STAY VIGILANT

The best way to protect your accounts and your data is to be vigilant and careful. If you receive an email or text message that's unusual or unexpected, treat it as suspicious until you're able to verify whether it's genuine and safe. Starting from a position of vigilance and caution will reduce the likelihood of you or your child being tricked by a malicious email, text or phone call.

The RSB's Biology Teacher of the Year nominations

Big congratulations to our very own Dr Andy Love, who has been shortlisted for the Royal Society of Biology's School Biology Teacher of the Year 2023 award. The award seeks to identify the UK's leading secondary education teachers, recognising the invaluable role they play in educating and inspiring the next generation of biologists.

Andy's passion for teaching Biology comes through in all he does and he is an outstanding teacher of his subject. After hearing the news of his successful shortlisting, he said: "I am so proud to be shortlisted for this award and it represents the curiosity, commitment and love of Biology my students have which drives my continued practice to support not only their development as biology aware citizens of the future but the development of passionate, upcoming teachers in the subject."

The three shortlisted teachers will now each submit a case study, explaining the methods they use to enhance their students' learning. The Award's judging panel will also visit each teacher.

The winner will be announced in August 2023 and will receive £500 for themselves and £500 of school resources, both provided by [Oxford University Press](#).

Good luck Dr Love!

Year 11

Yr11 Learning Conference: Stress Free Productivity

All Year 11 took part in their final Learning Conference this week. In this session on 'Stress Free Productivity', students heard about how to avoid distractions and stop the cycle of procrastination, how to increase motivation and all about neuroplasticity and how to create new neural pathways to create healthy habits.

If you have a child in Year 11 why don't you ask them about the benefits of positive visualization? Or the importance of goal setting? Or even see if they can tell you some ways to take care of their mental health?

Addams Family

From all involved in The Addams Family we would like to say a massive thank you to those who came to support our show last week. It meant so much to everyone that we had such a fantastic audience on both nights. So much effort and time go in to putting on a musical and we are so grateful for all the kind words we received.

Final thanks have to go to the cast, musicians and technicians. You were all amazing! Your hard work and talent shone through in every area of this production. We couldn't be prouder of you!

We will have to start thinking about next year's show soon...watch this space! Mrs Lake

Year 12: Jolly Geography

The week of 6 March 2023 the Year 12 Geography team spent a week in Southwest Wales as part of the A Level Geography course. Students have to undertake at least 4 days field work away from home. We stayed at Dale Fort in a stunning location on the Dale estuary. The centre is run by the Field Studies Council.

The students were able to bring to life the coastal geography studied at school looking at coastal landforms and features and issues with how and where to manage the coastline. We went into the heart of the National Park to walk along the Pembrokeshire coastal footpath taking in stacks and arches and the beautiful Barafundle Bay.

They also went to investigate how the market town of Narberth has successfully regenerated. The field work allowed students to explore a range of field work techniques to allow them to undertake their Non-Examined Assessment - Geographical Independent Investigation.

The NEA field work was carried out in Tenby where students undertook a wide range of data collection methods to help them complete their individual enquiry.

Investigation title of the week went to Kez Mehmet -

‘There’s rats in the cliff!’

What are we going to do?

To what **extent** is the increased **population** in the **tourist season** & **environmental quality** in Tenby responsible for the increased rat population?

The weather at times was challenging but the students represented team geography@highdown with excellence! They were polite, considerate, punctual, hard working and fun company!

Student Awards:

Geographer of the week: **James Bridge**

Field trip fashionista: **Arjun Sandhu**

Student who immersed themselves into the Welsh culture & experience & was calm & conscientious all week: **Isir Msalali**

Outstanding effort, aiming for success & pacing with purpose! - **Rebecca Lennon**

Student who was consistently helpful, happy, with a positive presence - great all round geographer! - **Ben New**

For enthusiasm, attention to detail with field work & hard working - **Charlee Potter**

Innovative & topical title! - **Kez Mehmet**

Expertise in power napping & saving energy! - **Lucy Latimer**

Head down and high expectations! - **Evie Elson**

Jolly Geographer of the week! Consistently positive impact on others - **George Jolley.**

Library: The Hive

Thank you to parents and staff who have recently donated books to the library. Some of the donated books are now on the system ready for students to read!

If you are having a clear out of books at home, please consider donating them to Highdown. We are happy to accept teen and young adult fiction books that are in a good condition.

Feel free to email a list of the books to me, if you would like to check if they are suitable before dropping them into school:

librarian@highdown.reading.sch.uk

The Hive is open at breaktimes and lunchtimes and we are still running the click and collect service. You can search the library catalogue via the Highdown Website:

<https://www.highdown.reading.sch.uk/library>

Library Book Returns

We currently have about 250 books that are overdue by more than 30 days. Please can all parents, carers and students keep an eye out for any Highdown Library books they have on their shelves at home, and return them to school should they find any.

There are no fines or penalties for the return of these overdue books, we would just be grateful to have them back for other students to read.

Careers Corner: Success at School's Insight Webinars and Apprenticeship Opportunities

Free Insight Webinar in Partnership with Deloitte

Hear from current apprentices as they share their insights on apprenticeships at Deloitte and get an overview about how you can start your own apprenticeship journey at Deloitte!

25 April 2023 at 6.30-7.15pm

For Students and parents of those in years 10-13. Careers leaders and teachers are welcome to join.

Book your place [here](#)

Explore opportunities with Dixon Wilson

Location: Nationwide

Deadline: 30 April 2023

Fast Forward Vocational Training

Fast Forward Vocational Training offers an alternative training provision in your local area.

The provision will be based at your local Teamsport indoor karting track (Cradock Rd, Reading RG2 0EE). This STEM course aims to provide a line of sight to a future career in mechanical engineering and give the students experience in an active workplace alongside Teamsport staff whilst **gaining a nationally recognised qualification in motor vehicle studies**.

We currently operate the provision in 20 cities and have seen great success engaging young people from mainstream schools and PRU's as well as helping to build the confidence and skills of students from SEN schools.

For the 2021/22 academic year the provision as a whole had an **attendance of 92.56%** which shows the course engagement.

Visit Teamsport website to find out more <https://www.team-sport.co.uk/go-karting-reading/>

We are now enrolling students onto our 12-week introductory course for the remainder of this academic year. This is due to begin in April after the Easter holidays and the costs are in line with our prices for the 2022/23 academic year of £55 per student, per session or a discounted price of £400 for a full group of 8 students, per session. If you feel this may be of any interest to you, please don't hesitate to contact Kieran Norton at knorton@racewaytraining.co.uk

University of Plymouth

Online Parents & Guardians Information Evening

29 March 2023, 19.30 - 21.00

On Wednesday, 29 March the Outreach Team will be delivering information and guidance talks, via Zoom, covering the following topics:

- Choosing a Course and the Benefits of University
- UCAS and Personal Statements
- Student Finance and Budgeting

This event is open to all teachers, advisers, students from year 11 onwards, parents and guardians.

This event is open to all teachers, advisers, students from year 11 onwards, parents and guardians.

Thinking about Cambridge University?

The prestigious Gonville & Caius College at Cambridge University are running a virtual webinar for students in years 9 to 11 on **"Thinking about Cambridge? Introduction and advice"**. This is a great introduction to thinking about competitive universities that hopes to raise aspirations and inspire discussions.

The webinar is scheduled for **25 April from 4:30-5:30 pm** and students can sign themselves up at this link: https://cambridge.eu.qualtrics.com/jfe/form/SV_aWpII12tuXDJmCi which has already been communicated on Class Charts as an announcement. The deadline for signing up is **5:00 pm on 18 April**.

I would strongly suggest anyone contemplating applying to Oxford or Cambridge in the coming years to sign up and see what it's all about!

Any problems please email mihutchinson@highdown.reading.sch.uk

UNIVERSITY OF
CAMBRIDGE

ROYAL BERKSHIRE FIRE AND RESCUE SERVICE

Summer Internship Scheme

The Summer Internship Scheme is aimed at **16 and 17-year-old residents of Berkshire** who are from ethnic groups that are currently **under-represented** within our Service.

The internship will run from **Monday, 17 July to Friday, 18 August**.

It is a **paid internship** designed to help young people develop their workplace skills and discover the opportunities available in a modern fire and rescue service.

Through a tailored programme of activity, as well as career development workshops and learning sessions, the **five-week summer internship** supports interns in gaining transferable skills and real-world experience for their future education or career ambitions, whatever these may be.

Learn more about
the scheme by
scanning the code
or online at
