RESPECT

EXCELLENCE

w/c 27 November 2023 Week B

This week we have had our second House Week of the academic year. The focus has been on communication skills. Students have discussed what good communication skills are and why they are important.

Congratulations to the cast and crew for this year's senior school production, running across two nights earlier this week. Ms Cave described 'Locked in' as 'a highly entertaining piece of Drama'. Furthermore, 'the production was tight and the significant dialogue was word perfect. We were all transported to a collapsing manor house and wondering who of the cast would be left standing. It was a great evening's entertainment!'

As mentioned last week, we are now in our Pre-Public Examination season for our Year 11 and Year 13 students. There have been language speaking exams this week. Next week sees the start of written and practical examinations for Year 13 and Year 11, respectively. These offer a great practice -run for the final examinations in the summer and will provide really useful feedback for students and their class teachers to inform planning and intervention. Good luck to all students!

Thank you to all parents/carers for your continued support with reminding our students about our mobile phone rule. These must be switched off and in bags all day at school, including during break and lunch times.

Have a great weekend everyone.

ParentMail Accounts

We respectfully request all parents and carers regularly check their student's dinner money balances to ensure they are in credit.

At peak times, around mid-morning, it can take up to 2 hours for the monies to show on the account.

Therefore, if you need to top them up, please allow time for these to be processed. We have found topping up in the evenings to be the quickest way to add monies to the account.

Absence Reporting

Please notify us if your son/daughter is unable to attend either online or onsite lessons due to illness or other reason.

Please report all absences using the Class Charts app rather than by telephone, email or ParentMail. We hope parents will find this route much more straightforward and efficient. You can find out more here:

Special United
The voice of young people with special educational needs and/or disabilities and their siblings

Come and join us
on
Wednesday 29th November 2023 from 6pm-8pm
at
The Avenue School, Conwy Close, Reading, RG30 4BZ

We will be joined by Jenna Redmond, who is the Autism Advisor at Brighter Future for Children. The Autism Advisory Service supports families within the Reading Borough that receive a diagnosis of Autism for their child. Jenna will be talking to young people about the support that is available to them, and would like feedback about your experiences of being autistic.

We will also be joined by the Reading Local Offer Team who have information about services in the area for young people with SEND and their families.

£10 Amazon vouchers for all young people who take part – plus a free chip shop takeaway!

Special United evenings are open to any Reading young people who have Special Educational Needs and/or Disabilities aged 8-25 years old and their siblings.

To book email lisaharry14@aol.com

RSVP No later than Tuesday 28th November 2023
We look forward to seeing you! 😊

Online Courses for Parents and Carers - December 2023

Understanding Autism & Anxiety Workshop 6 December 2023, 9.30am - 12.00pm Free online session via MS Teams

For parents/carers of Reading pupils ages 6 -16.

A 2.5 hour workshop targeted towards parents/carers of children with a diagnosis of autism or those who may be awaiting a diagnosis. It looks at common drivers for anxiety in those with autism, especially in relation to coping with uncertainty and not knowing what might happen. The workshop gives parents a chance to share their experiences and to learn strategies and approaches to manage anxious feelings.

Top Tips for Safer Online Shopping on

BLACK FRIDAY AND CYBER MONDAY

Black Friday and Cyber Monday have become established as two of the year's biggest shopping events, giving consumers the opportunity to snap up a stash of stunning bargains. While this is generally good news, of course, the resultant retail frenzy *can* lead to people dropping their guard – especially online. In previous years, a seasonal surge in cyber-crime has seen schemes such as phishing emails and credit card scams being unleashed on unwary buyers. Our guide has some essential pointers on keeping your details – and your money – safe while you shop.

ENSURE A SITE'S SECURE

Before inputting sensitive information (like your card details) into a website, check that the site's secure. The key thing is to look for a padlock symbol in the address bar and check that the URL begins with "https://" – the "s" indicates that the web address has been encrypted with an SSL certificate. Without that, any data entered on the site could be intercepted by criminal third parties.

TRUST YOUR INSTINCTS

If a deal seems too good to be true, then it probably is. Be especially wary if a site offering unbelievable discounts doesn't look professional (for example, if it's covered with pop-up adverts or it looks particularly outdated) – this often serves as a red flag that the seller might not be entirely trustworthy. Minimise risk by sticking with well-known, reputable retailers instead.

REVIEW BANK STATEMENTS

Even if you've followed all our tips, it's probably worth checking your next bank statement for any unusual transactions. Criminals know that on Black Friday and Cyber Monday, lots of people make numerous purchases online: they're hoping that any stolen money will get lost in the crowd of other transactions. If you see a payment or payee you can't identify, raise it with your bank straight away.

BEWARE OF SUSPICIOUS EMAILS

Black Friday and Cyber Monday often bring a significant spike in phishing emails, as criminals use the events' sense of urgency as cover for stealing personal information. Even if they look legitimate, be wary of emails requiring you to do something unusual or suspicious: providing your personal details in exchange for access to last-minute deals, for example, or clicking on a link to an unfamiliar site.

CHECK IT'S THE REAL DEAL

It's not just cybercriminals you need to be wary of. Research has shown that some online retailers increase the price of certain items in the weeks before Black Friday and Cyber Monday – enabling them to then advertise "discounts" (which, in reality, have simply restored the cost to normal levels). Use an online price comparison tool to verify whether these "reductions" truly equate to a saving.

MINIMISE MICROTRANSACTIONS

Black Friday and Cyber Monday promotions extend to digital items as well as physical ones. Some gaming companies will offer discounts on in-app and in-game microtransactions such as loot boxes. If you're concerned about how much your child might spend on these upgrades, you can restrict their ability to make purchases (via their device's settings) or remove any linked payment methods.

SET STURDY PASSWORDS

A strong, unique password is one of the most straightforward ways to protect yourself from cyber-crime. As most of us have multiple online shopping accounts, it can be tempting to use the same password for them all – but this puts your personal data at greater risk. You could try using a password manager to create a different, robust password for each online retailer that you visit.

DITCH THE DEBIT CARD

Where possible, it's safest to shop online with a credit card (as opposed to a debit card) because it offers additional protection. If a purchase is made fraudulently on your credit card, there's a fair chance of your bank reimbursing you. Should criminals obtain your debit card details, however, they could empty your account in moments – and it can be difficult to recover your money.

RESIST THE INFLUENCE

Recommendations from social media influencers are another thing to remain vigilant for on Black Friday and Cyber Monday. While many of these will be legitimate, remember that influencers are often paid to promote products – and to publicise deals that aren't quite as amazing as they might seem. Don't feel pressured into buying purely on their advice; look at everything with a critical eye.

TAKE CARE ON SOCIAL MEDIA

Social media scammers are more active on Black Friday and Cyber Monday, as they know people are hunting for deals online. These scammers tend to concentrate on platforms such as Facebook and Instagram, posting malicious links that can compromise shoppers' personal details. Other scammers, meanwhile, falsely advertise products in an attempt to trick users out of their hard-earned cash.

Year 10

Year 10 students have been working hard in Miss Pickaver's English class to develop their understanding of key motifs in 'A Christmas Carol' by creating dual coded infographics.

Well done to Isla Piercy, Nilo Lambert, Emily Kingsmill and Theo Bingley whose work is featured here.

Year 10

On Monday, 13 November the Year 10 Boys Achievement group had a pizza making session. The boys took to the project with great enthusiasm and much debate was had about what the correct pizza toppings are! As the boys enjoyed their creations, all discussed what their pizza choice says about them. Well done to all involved!

Top tips for helping your child succeed in their learning

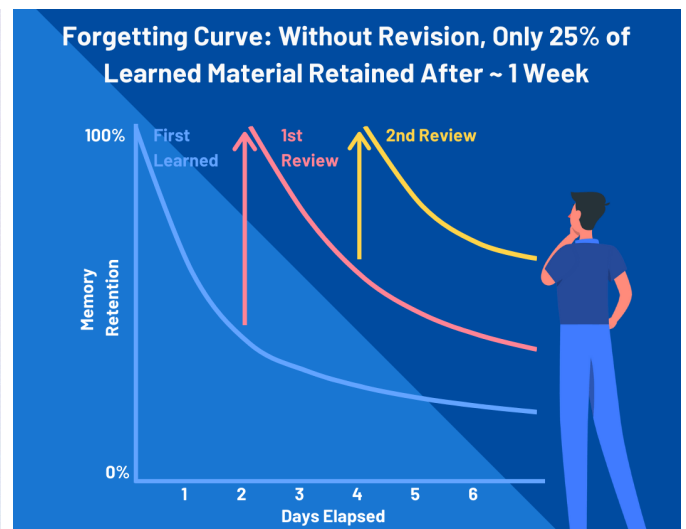

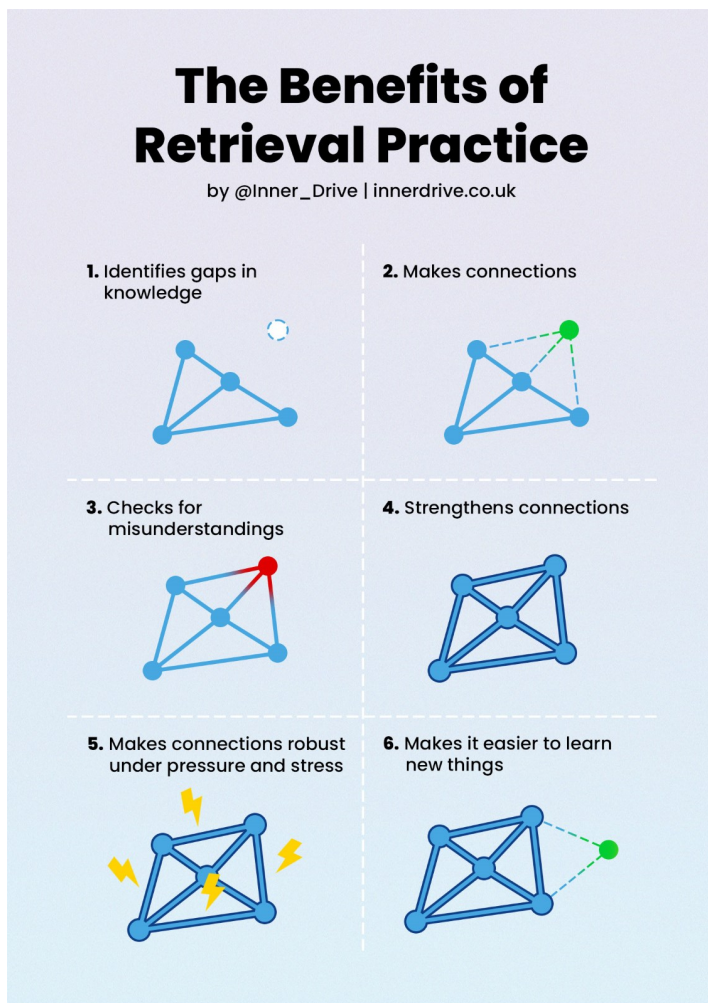

As the Year 11 and Year 13 PPEs approach, you may be wondering what you can do to help your child succeed.

Last week's newsletter had links to advice and guidance about spacing and interleaving revision.

This week I'd like to share the scientific findings about the benefits of **retrieval practice**. Low stakes quizzing and quick testing to retrieve revised information ensures that there is continual exposure to information and that connections are made, learning is consolidated, and the information is less likely to be forgotten.

The image of the '**forgetting curve**' highlights how you may forget something but a quick retrieval quiz at home or in school can ensure the thoughts and ideas are renewed. Each time you retrieve information, the long-term effect is that it takes longer to forget. More information is on this link: <https://www.structural-learning.com/post/ebbinghaus-forgetting-curve#:~:text=Regular%20Retrieval%20Practice,corrective%20feedback%20that%20they%20receive>.

So why not quiz your young person at home about what they have been learning and help them keep that information in their long term memory?

House Week

This week was House Week 2 with a focus on communication skills. Students were encouraged to hone these skills through the creation of Christmas crafts for the upcoming Christmas Fayre. From giant paper chains to glittery baubles, it was wonderful to see students working together towards a common purpose. Please encourage your child to visit the Fayre next Friday, 1 December after school until 4.30pm in the Walled Garden. All money raised will be given to the House Charities.

Mr Lester

Numeracy Puzzle

You are in an airport, rushing to get a plane.

You realise you need to tie your shoe.

There is one of those moving travelators ahead (the flat escalator things).

Will you save time overall if you tie your shoe on the moving travelator, or on the normal floor?

We're keen to get some competition going! Try this numeracy problem at home, if you think you have an answer, submit it to us using the given link or QR code! We'll post a leaderboard in the next newsletter.

Historical Fiction recommendations from the Hive

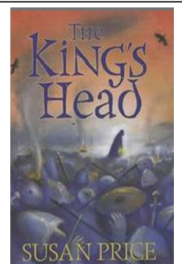

Black Mamba Boy – Nadifa Mohamed

Aden, 1935. Home to Jama, a ten year-old boy. When his mother dies unexpectedly Jama is forced to go to his native Somalia, the land of his nomadic ancestors. War is on the horizon and the fascist Italian forces who control parts of east Africa are preparing for battle. Jama decides he has to search for his father, who disappeared when he was a baby. And so he begins an journey which takes him north through Djibouti, war-torn Eritrea and Sudan, to Egypt. And from there, aboard a ship transporting Jewish refugees, across the seas to Britain and freedom.

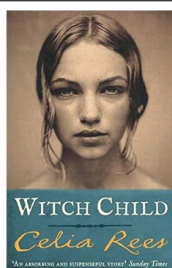

The Kings Head – Susan Price

A disembodied head is found on a bloody battleground by a priest and asks to be taken to see the king who has lost the battle. The priest instead takes him to his own king, where the head proves to be a storyteller of great importance.

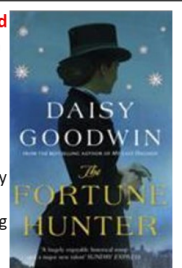

Witch Child – Celia Rees

When Mary sees her grandmother accused of witchcraft and hanged for the crime, she is silently hurried to safety by an unknown woman. The woman gives her tools to keep the record of her days - paper and ink. Mary is taken to a boat in Plymouth and from there sails to the New World where she hopes to make a new life among the pilgrims. But old superstitions die hard and soon Mary finds that she, like her grandmother, is the victim of ignorance and stupidity, and once more she faces important choices to ensure her survival. With a vividly evoked environment and characters skilfully and patiently drawn, this is a powerful literary achievement by Celia Rees that is utterly engrossing from start to finish.

The Fortune Hunter – Daisy Goodwin 6th form read

In 1875, Sisi, the Empress of Austria is the woman that every man desires and every woman envies. Beautiful, athletic and intelligent, Sisi has everything - except happiness. Bored with the stultifying etiquette of the Hapsburg Court and her dutiful but unexciting husband, Franz Joseph, Sisi comes to England to hunt. She also comes looking for excitement and finds it in the dashing form of Captain Bay Middleton, the only man in Europe who can outride her. Ten years younger than her and engaged to the rich and devoted Charlotte, Bay has everything to lose by falling for a woman who can never be his. But Bay and the Empress are as reckless as each other, and their mutual attraction is a force that cannot be denied.
