

HOME LEARNING TIMETABLE 2024-25: YEAR 9

Students who are successful are those 'who have highly developed independent learning skills, have the capacity to lead the learning process through their questions and ideas and, crucially, are resilient and resourceful' in their learning. [@HeadGuruTeacher]

Home learning is an integral part of a student's learning and is used for: (1) promoting independent learning and time management skills, (2) consolidation, reinforcement and application of learning, (3) extending and developing learning, (4) developing research and investigative skills, (5) facilitating teacher assessment of understanding and learning, and/or (6) preparing for the following lesson, e.g. 'flipped learning'.

Year 9 can expect a minimum of 30 minutes per subject, core subjects may set up to an hour.

All home learning activities will be set on Class Charts, which is accessible via any web-enabled device in or out of school.
