### Supporting with Revision

Revision is vital for all students but it can lead to a great deal of stress and anxiety. We've included some tips

below for parents:

- Maintain motivation with rewards. Food/Cinema etc...
- Ensure they have breaks, eat well and get a good work/life balance.
- When the examination paper is handed out, you have to research the question and produce preparation work. This work is handed in during the examination. Use this time wisely, the examination is 40% of the overall grade. The ten hour examination is a practical examination completed over two days. During this time you will produce your final piece.
- Attend workshops and extra sessions after school and at lunchtime.
