

At Fujitsu, our services touch 99% of UK citizens every day, the fact you may not notice says we're great at what we do!

We'd love for you to be the next generation of our organisation — an organisation that is developing new technologies, pushing the boundaries of digital, and shaping the way we live our lives. Fujitsu funds the whole cost of your degree therefore our Degree Apprenticeship Programme is a way for you to **study whilst you earn**.

DEGREE APPRENTICESHIPS at FUJITSU

In partnership with Manchester Metropolitan University and Winchester University we are offering Degree Apprenticeships in BSc (Hons) Digital and Technology Solutions. We have roles available in Manchester, Warrington, Bracknell and Basingstoke in:

- [Cyber Security](#)
- [Software Development](#)
- [Digital Business Solutions](#)
- [Defence](#)

Want to know more?

Visit one of our open evenings where we'll be showcasing the areas of business our apprenticeships are available in as well as some of the exciting technology we develop. Representatives of Fujitsu and the universities will also be available to talk to. Click on the links below to register your interest.

[7th May - Warrington](#)

[30th May - Manchester](#)
