

# Summer Art work

1. Create 2 mood boards, 1 for DISTORTION IN PORTRAITURE and 1 for CLOSE-UP STILL LIFE.
2. Complete the portrait in the style of Jonathan Yeo (from the taster sessions. If you didn't attend these, look at his portrait paintings and do one of your own in his style).

Your mood board can be a mix of internet imagery, your own photos and drawings and other artists work. It should be A3, either on board or in a sketchbook. If you are doing it straight into a sketchbook, do one at the front and one at the back. Start a Pinterest page to collect ideas.
