Post 18 opportunities

Students who study Economics are able to move onto university to read subjects such as Accountancy, Economics, Politics, International Relations and Mathematics. In addition, employers regard Economics highly as the subject incorporates many employability skills such as data analysis, evaluation of concepts and graphical annotation. The course also emphasises the application of economic theory to the real world environment, enabling students to gain a grasp of current affairs and the impact this has upon the economy as a whole.
