

## HOME LEARNING TIMETABLE 2020-21: YEARS 10 AND 11

Students who are successful are those 'who have highly developed independent learning skills, have the capacity to lead the learning process through their questions and ideas and, crucially, are resilient and resourceful' in their learning. [@HeadGuruTeacher]

Home learning is an integral part of a student's learning and is used for: (1) promoting independent learning and time management skills, (2) consolidation, reinforcement and application of learning, (3) extending and developing learning, (4) developing research and investigative skills, (5) facilitating teacher assessment of understanding and learning, and/or (6) preparing for the following lesson, e.g. 'flipped learning'.

Years 10 and 11 can expect a minimum of 45-60 minutes per subject.

All home learning activities will be set on ClassCharts, which is accessible via any web-enabled device in or out of school.

### WEEK A

	Monday	Tuesday	Wednesday	Thursday	Friday
10X	Science	Maths	Option A	Ethics/Citizenship	English
	Option C			Option B
